Damon and Pythias Drama Coming Here

On Thursday "night" next, April 29th, the people of Gleichen will have the opportunity of seeing the greatest dramatic scene of friendship ever recorded in history at the Opera House, entitled "Damon and Pythias".

It is stated that the cost of producing the five films to be shown exceeded anything ever before attempted in the art of moving picture.

The Supreme Lodge Knights of Pythias endorse it in these words: "We unhesitatingly pronounce it, in our judgment as being the most comprehensive picture, perfect in detail and artistic in character, of any picture or film to our knowledge, yet produced depicting the story of one of the world's greatest examples of human friendship. We personally endorse the production believing it the greatest work of its character ever produced in America, and we cheerfully recommend its use under the auspices of the Supreme Lodge Knights of Pythias."

The Grand Lodge of Alberta has taken the responsibility of showing the film in Alberta as the expense is too great for individual handling. Golden Jubilee Lodge will assist J. L. Laycock in producing it here and it is hoped every one will avail themselves of this opportunity of seeing the principles upon which the order is founded.

Short sketches of the story has appeared various times in these columns.

Four hundred years before the dawn of the Christian era the drama was enacted and has lived and grown down through all the ages until it is the foremost theme in the world today upon which universal peace may be founded.

Spectacular, stirring, gripping are the scenes laid in Greece in the pomp and glory of her greatest day, with its colossal groupings, classic dances, games, the thrill of the chariot race, battles upon sea and land, cities built and destroyed, and through all this, with a dramatic fire and pathos of sentiment runs the story of human friendship and its lesson of man's humanity to man.

Namaka Notes

The Namaka Lodge I. O. O. F. will attend divine service in connection with the English Church at Namaka on Sunday next at 3 p. m.

The annual meeting in connection with Empire Day games was held on Saturday night. A committee consisting of Messrs. Arnold, Blake, Crow, McKinnon, Marcy, J. P. McLean and Morgan was appointed to make the necessary arrangements. It is expected there will be the usual races. A ball game with dancing in the evening on May 24th.

Seedling in this district is now in full swing. Some of the farmers report at least now sown. The land is in fine shape and the farmers are all very hopeful of seeing good crops this year. There has been much more preparation of the land than in former years and an old timer told your correspondent that in all the years he had in Alberta he had never seen so much summer fallow or the land in better shape for a crop.

Standard News

Chris. Christensen is building a large barn and putting other improvements on his farm. It looks as though his bachelor days are numbered. Good luck to him.

Charley Bush is building an addition to his house.

Partners in this district are all now busy seeding.

There was a big dance at Stand and last week, which was attended by a big crowd of young people and all seemed to enjoy themselves very much.

Mr. Atkins is expected back some time this month from New York.

Jack Christensen has just purchased a new griddle and says it works fine.

There was quite a little excitement over the recent Johnson and Willard prize fight. One man lost six chickens and a pig. Hard luck try it again.

This district is mostly being seeded with wheat this season. Hope all our farmers will reap bumper crops next fall.

John Johnson has just returned from California, where he spent two enjoyable winters.

Coming Events

Notice under this heading etc. one week and etc. each subsequent issue. If advertised elsewhere in the Call.

May 24—Namaka. Races and sports.

Monday, May 24—Victoria Day. Monday, May 24—K. of P. dance.

Thursday, April 29—K. of P. night pictures.

Friday, April 30—Clean up day. Aug. 19—20—Gleichen Exhibition.

Every Monday—Oldfellows. Every Thursday—K. of P.

Gleichen Red Cross Sock Day, May 1st

The Gleichen Red Cross Sock Day is for Friday, May 1st, promises to prove most successful already as many are willing to help and are using their influence to interest their friends to do likewise. There is little doubt but that Gleichen will hold its own as in the past with all other towns and districts in providing comfort for the soldiers who are fighting our battles, and few, if any will there be who will not bring or send in a nice pair of socks for the army.

These little things that we who remain at home are privileged to do are greatly appreciated by the boys at the front and should be considered not only a duty but a privilege and an opportunity to do a very small share in the awful war now known in the world's history.

In this let us do our part nobly and unselfishly.

Once more we would say this change for advertisements should be in this office by Monday noon.

Town and District News

When in doubt lick a war stamp

Miss L. Davis spent several days in Strathmore last week visiting.

Miss Dalton returned last Friday from the States, where she spent the winter pleasantly with relatives and friends.

The annual meeting of the Board of Liquor License Commissioners for Alberta is set for Saturday, May 15th.

R. Broderick came in from High River last Saturday with his auto and is spending a few days with his many friends.

Mrs. H. Harrison left on Monday for Calgary, where she may remain for sometime, although she contemplates a trip east.

Remember the Oldfellows anniversary service and parade to St. Andrew's church next Sunday. All visiting brothers are invited to be in the parade and Rev. Bro. Clark will conduct the service.

A. R. Yates is the happy father of another boy, who arrived at the Holy Cross Hospital at Calgary on Thursday, April 15th. Mrs. Yates is doing fine and the new boy turned the scales at eight and a half pounds.

The two ancient contractors and builders were in fierce competition last week for the re-erection of the building the Austrians have moved from Gleichen to their farm north of Dorothy. Alex. boat St. and accompanied his friends northward.

There was great excitement at the Gleichen Livestock Show at 5 a.m. Sunday morning when Jimmie Dillon announced the addition to his family of seven Fox Terrier puppies. Jimmie says all the Misses and Masters Dillons are doing fine and expects to have a poem ready for publication shortly.

The death of Mrs. David Wilson on Tuesday morning, April 20th, in a Calgary hospital has caused much sadness to her many friends in Gleichen, and the deepest sympathy is expressed for her husband and two boys in their great bereavement. The remains were brought to Gleichen that night and the funeral took place from St. Andrew's church yesterday afternoon.

On Saturday, April 17th, Mrs. John Finlayson celebrated her 84th birthday. The older citizens will remember her as a staunch Gleichenite. For several years she served on the school board and at all times has taken a keen interest in all things pertaining to the welfare of the town. All unite in expressing to her the wish that she may spend many more years with us.

George Lane, the prominent Alberta farmer, stockman and breeder, is seedling 7,000 acres of land on his farms at Namaka, Besenau, Champion, Willow Creek and near Bar-U. Mr. Lane is seedling 2,400 acres in wheat, 3,800 acres in oats, 1,400 acres in barley and 300 in rye. He will use over 120 head of horses in his spring operations with 50 drills and harrows, and sixty drivers and assistants.

Fire at Kerby's Farm Thursday

While driving past Mr. Kerby's farm, better known as Roy M. Allen's place, Messrs. Geo. Hunter and A. Chalmers noticed the chicken house on fire, which started from the burning of some rubbish nearby. They got busy and with the aid of Mrs. Kerby, Mrs. Payne, P. Towers and others extinguished the flames after fighting the fire for nearly two hours, which at times threatened to reach the house and other nearby buildings. Word was phoned into Mr. Allen, who with a fire brigade comprised of Messrs. Mike Brown, Alex. Mitchell and Dave Yule hastened north in an auto, but when within about half a mile from the farm the auto failed them and they were obliged to walk the balance of the way to find the fire extinguished. The brigade told of some harrowing experiences and admit that Alex. won in the race by a head from Mike. All are unanimous in stating that the work of Mrs. Kerby and Geo. Hunter was almost superhuman in their efforts of fire fighting.

Miss J. Davis spent several days the past week visiting Calgary friends.

Ja. Ryan arrived from Winnipeg Thursday after an absence of six months. He spent the night with friends here and two days at the Two Bar before leaving for the east.

J. B. Legat came down from Drumheller on Friday by auto and spent a couple of days with his old friends here. He returned with Mrs. J. Wilson who will make her home in Drumheller in future.

Hiram Clark, the genial foreman of the G. F. Taylor & Co. livery barn, left on Monday for Chicago, with a load of 4700 carefully stored in his belt. He has not been away for sometimes and all hope a change will prove beneficial.

E. C. Bayne has secured his connection with the C.A.L. staff and leased the Opera House Pool Room from J. L. Laycock. Wise man and we hope he will find the pool business more profitable than the printing and be at least able to eat and drink.

A well graded yard or lawn planned with ornamental trees, vines or bright flowers, is one of the most attractive features that can be introduced on a town lot and shows that the owner has some taste and pride and thinks life worth living for. At any rate he is enjoying life and every one else thinks the same.

A man got 90 days for swearing and badly frightening Mrs. Fred Telford last week at her farm residence. It seems Mr. Telford was in the field and she was alone when the man arrived asking for work and when told he could find her husband in the field demanded her to go out and bring him in and as she would not be sworn and threatened her. The man was under the influence of drink and it is said has been in trouble with the police before.

Talking of auto climbing steep grades Johnnie McHugh told of a stunt that beats all records in this part of the world. Johnnie was quite enthusiastic after listening to other narrators who had heard he was first initiated into the mysteries of the smoke wagon. Swiping his big brother's horseless he took his best girl for a joy ride and ran up a hill 100 feet high on an 80 per cent grade. Now, Johnnie, really didn't you miscount the grade per centage for the number of *** you and the little duteches saw?

A check for \$51,136 was handed Billy Smully, the evangelist, as his share of the profits or earnings of a six weeks campaign in Philadelphia. Certainly it pays to be good. Col. Goetzals was paid \$15,000 a year to build the Panama canal. Chief Justice White of the United States supreme court, drew for \$15,000 a year. Henry Ward Beecher never got more than \$10,000 per annum in Plymouth church while Lincoln got \$25,000 a year for piloting the Union States through the civil war. However, none of these could talk slang with Billy.

Fire at Kerby's Farm Thursday

While driving past Mr. Kerby's farm, better known as Roy M. Allen's place, Messrs. Geo. Hunter and A. Chalmers noticed the chicken house on fire, which started from the burning of some rubbish nearby. They got busy and with the aid of Mrs. Kerby, Mrs. Payne, P. Towers and others extinguished the flames after fighting the fire for nearly two hours, which at times threatened to reach the house and other nearby buildings. Word was phoned into Mr. Allen, who with a fire brigade comprised of Messrs. Mike Brown, Alex. Mitchell and Dave Yule hastened north in an auto, but when within about half a mile from the farm the auto failed them and they were obliged to walk the balance of the way to find the fire extinguished. The brigade told of some harrowing experiences and admit that Alex. won in the race by a head from Mike. All are unanimous in stating that the work of Mrs. Kerby and Geo. Hunter was almost superhuman in their efforts of fire fighting.

The Mosquitoes

If there is anything to the adage that a beautiful
crop of mosquitoes assures a bountiful crop of grain pros-
pects are very bright. The tormentors are at least here
early enough.

A New Kind of Grub

A German is reported to have discovered 'a' means
of making good human food from straw. Let's hope the
report is true. Hereafter, whenever editors get stuck
we can invite our eternal contempt to go out behind the
barn with the cows, and gather our own breakfast food
from the straw stack.

Gardners Protected

At a meeting of the Gleichen Town Council last
Friday evening a by-law was duly passed providing a fine
of \$25 for any owner allowing at large horses, cattle, sheep
swine or fowl. This will relieve all gardeners of any fear
of having their hard work destroyed and should encourage
all towards beautifying their premises.

How About This

A traveller in town this week made the statement
that Bassano, Gleichen and Strathmore have been the only
Southern Alberta towns he could get business from since
last November. Times have been very hard, everyone
will admit, but we in this town and district have no idea
of the privation and suffering experienced in some of the
large cities. If war is glorious, then we had better alter
the ethics of our civilization.—Bassano Mail.

Be a Booster

Our idea of a good citizen, and we are glad there
are many in this neighborhood, is one always ready to give
according to his means to community enterprises. He
takes stock in them all and doesn't loose his faith if
an occasional venture proves bad. He is not afraid to buy
real estate and to pay what it is worth. He talks his town
at home and abroad, thinks it is the healthiest place on
earth, believing it to be destined to be the biggest city in
its section and wants to be buried here when he dies. And
he's worth a whole regiment of the luke-warm kind.

Confidence Needed

Perhaps the greatest need of the present time is
confidence. The revival of business has begun in the
Western States and the stock markets, which are not bad
barometers of business, show evidence of the revival of
confidence which alone seems necessary to returning activ-
ity. In this country the prices are very good. The
manufacturers throughout the country are very active.
Farmers are busy with their seeding, and the outlook now
is for a very bountiful crop. The season has begun com-
paratively early with plenty of moisture in the land.
Everything is very promising. What is most needed of
all at the present time is confidence.

Do You Realize

Few people stop to think that their individual hap-
piness is not dependent on outside circumstances. A
habit of happiness can be cultivated, like any other habit
and just as successfully. The cheerful, hopeful temper
which refuses to let itself be harrowed up, it is everyone's
duty to cultivate. There is beautiful legend that at the
creation's dawn an angel came down to earth; seeking
seeking something to take back with it to heaven. It
returned with a bouquet of flowers, a baby's smile and
a mother's love. When it reached the pearly gates of Para-
dise again the flowers had withered, the baby's smile had
vanished, but the mother's love was found to be as pure
and eternal as the waters that flowed by the heavenly
throne, and all the angels exclaimed: "There is nothing
on earth pure enough for heaven but a mother's love."

Buy an Irrigated Farm From The CANADIAN PACIFIC RAILWAY

BECAUSE:

Irrigation makes the farmer independent of rainfall, and
insures good crops, not occasionally, but every year.

Irrigation makes possible the successful culture of alfalfa,
the king of fodders, which insures best returns in dairying and mixed
farming.

Irrigation means intensive farming and close settlement,
with all the advantages of a densely populated agricultural com-
munity.

Irrigation in the Canadian Pacific Railway Irrigation
Block is no longer an experiment, the year 1914 having absolutely
demonstrated its success wherever intelligently applied.

You can buy irrigated land from the Canadian Pacific
Railway at prices ranging from \$25 to \$75 per acre, with twenty years
to pay and the privilege of a loan of \$2,000.00 for improvements (6%
interest) no principal payment at end of first or second years and no
water rental for first year. Assistance is also given in supplying
stock in approved instances.

This is the most liberal offer of irrigated farm land on
record. Get full particulars from

Bernard McFadden, for renewal of license in respect to the Hotel Britannia, situated on Lots twelve (12) and thirteen (13), Block one (1), Terrance, Alberta.

Joseph Lawrence Pearsaugh, for renewal of license in respect to the King George Hotel, situated on Lots twenty-five (25) and twenty-seven (27), Block one (1), Bencker, Alberta.

Robert Smith Waddell, for renewal of license in respect to the Richards Hotel, situated on Lot one (1), Block one (1), Richards, Alberta.

Donald MacDonald, for renewal of license in respect to the Alberta Hotel, situated on Lots one (1) to four (4) inclusive, Block six (6), Okotoks, Alberta.

William Henry Williams, for renewal of license in respect to the Royal Hotel, situated on Lots five (5) to eleven (11) inclusive, Block six (6), Okotoks, Alberta.

Lois Guitman, for renewal of license in respect to the Grand Central Hotel, situated on Lots thirty-three (33) to thirty-nine (39) inclusive, Block C, Okotoks, Alberta.

Samuel Desjardins, for renewal of license in respect to the Queen Hotel, situated on Lots one (1), two (2) and three (3), Block one (1), Delta, Alberta.

Dated at Edmonton this Fifteenth day of April, 1915.
G. O. OWEN PERWICK,
Attng. Deputy Attorney General.

WHERE PEOPLE CAN GIVE AID

Import on "Made-in-Canada" Goods—
Retailer and Wholesaler Will
Soon Fall in Line

Too often in the past the whole sales and retailers of Canada have openly opposed the "Made-in-Canada" movement. Where they have not opposed it they have damned it with faint praise. Their motives in so doing are purely selfish. Very often to secure a share of Canada's trade the foreign manufacturer quotes particularly attractive prices to the dealer, prices which enable both wholesaler and retailer to extract a greater profit than usual from the sale of these goods. The foreign manufacturer is able to do this because the Canadian market is only a small part of the total market, and he can easily sell at a low profit or even at cost in other words "dump" in this small market in order to secure control of the trade, whereas the Canadian manufacturer, for whom Canada is the whole market, cannot afford to do business at a loss to meet the foreigner's prices. This explains a great measure why wholesaler and retailer have not got behind the "Made-in-Canada" movement until very recently.

The Toronto "Globe," in an article on the "Made-in-Canada" question, the other day, explains the reason for the "Made-in-Canada" campaign going direct to the people on this ground:

Under the heading, "Home Protection" or "Backstrap," the "Globe" says: "The people in the end can force the storekeeper or the dealer to give them the Canadian article. They should see, especially in the light of present conditions, why he should encourage his production without being forced to do so. Since the war broke out our exports as well as our imports have increased with startling rapidity, and the only alternatives that confront Canada, in the face of such critical trade conditions, are to increase production at home and a larger volume of business in the home market, or bankruptcy. If Canadian-made goods are not sold in greater volume the merchant and the whole sale dealer must inevitably suffer simply because a very large number of their present customers are doing their work in factories and in offices dependent on factories, will be forced out of employment. Furthermore, regarded from a national point of view, the "Made-in-Canada" movement is a very real and important one. It is the only method of raising the standard and giving millions of injured which is done each year on the country's behalf.

It is the only method of raising the standard and giving millions of injured which is done each year on the country's behalf.

PUT YOUR SIGN WHERE PEOPLE WILL SEE IT

Shops and businesses that are illuminated by advertising have a vitality and efficiency not possessed by shops and businesses that drape their service and activities with a great pall of silence.

We recommend to the merchants of this community the advantages and good results of persistent advertising in our columns, for the public always goes where light is, the public shuns the dark places. Light means welcome and confidence.

Points For Retailer to Bear in Mind
in His Purchase

A man out of a job, or only partially employed, is a poor customer. You must prefer, don't you, to deal with customers whom you know are earning good wages, in thriving local industries? Their credit is good—they pay their bills.

Did it ever occur to you that, out of every dollar's worth of Canadian-made goods you buy, from 25 to 50 cents goes to the Canadian workman living in Toronto or in some other Canadian city, and enables him to pay from 25 to 50 cents' worth more goods from his tradesman?

Did it ever occur to you that, out of every dollar's worth of foreign-made goods you sell, about 75 cents more disappears from Canada forever, and the buying capacity of the Canadian workman is correspondingly reduced? The wages that should be in his pocket have been paid to the foreign workman.

In 1913, over \$25,000,000 of Canadian money was spent for foreign goods. Think of it—six hundred and thirty-two millions! Half of these goods could have been made in Canada, and Canadian workmen and Canadian retailers would have been \$12,500,000 to \$15,000,000 better off than they are to-day.

Gleichen.

Alberta Estray Law

The Alberta Estray Law provides
that the party who takes up an estray
animal must immediately notify the
brand reader nearest to the place to
come out and examine the animal and
take a copy of the brand, if any, on
the animal. Then an advertisement
must be inserted in the nearest local
paper and also in the Alberta
Gazette, and until the law is complied with
the holder of an estray cannot collect any
fee for his trouble or feed. Prompt
action must be taken, as no fee being
very strict in this matter. The brand
readers are entitled to a fee of five
dollars for each animal they examine
and saddle to the brand of the
animal, not to exceed 30 miles. The cost
of the advertising and the cost of
the brand is a charge against the
stray animal and must be paid before
the animal is claimed. The party
holding the animal is responsible for
all charges until it is sold or returned
by the owner. No charges for feed
are allowed between the 15th day
of April and the 15th day of
November 15 to April, is a fee
of the per head per day is allowed
for owners and outside during the day
on which the notice is given to the
Alberta Gazette, but not exceeding
the sum of nine dollars. South of the
26th Township only five cents a day
allowed for feed and the total cost is
limited to three dollars.

WAR PUZZLE

The above picture shows a Torpedo Boat Destroyer and an Aeroplane. The Aeroplane belongs to the enemy. It has just dropped a bomb on the deck of the war vessel. Some of the crew have been knocked down by the shock, and some have jumped into the water in an endeavor to save themselves by getting aboard other boats that are near by. Can you find the faces of the fourteen men in this picture? Some will be easily found, others are harder to discern, but by patience you can probably find them all. Write these nine words plainly and neatly as in case of tie both writing and neatness will be considered factors in this contest.

This may take up a little of your time but as there is \$200.00 in cash and One Hundred Premiums given away, it is worth your while to take a little trouble over this matter.

We do not ask you to spend One Cent of your Money in order to enter this Contest.

Send your answer at once, we will reply by return mail saying whether you are correct or not and will send you a complete prize list together with the names and addresses of the persons who have recently received over \$2,000.00 in cash prizes from us, and will also send full particulars of a simple condition that must be fulfilled in order that you may qualify in this contest. (This condition does not involve the spending of any of your money.)

Winners of cash prizes in our late competitions will not be allowed to enter this one.

This Competition will be judged by two well known business men of undoubted integrity who have no connection with this Company. Their decisions must be accepted as final.

Send your reply direct to—HOUSEHOLD SPECIALTY COY. DEPT. MONTREAL.

FARM LUBRICANTS

THE Imperial Oil Company, Limited, manufactures at its refineries at Sarnia and Vancouver a complete line of lubricants, prepared to meet the requirements of the Canadian Farmer.

Standard Gas Engine Oil, Prairie Harvester Oil, Capitol Cylinder Oil, Thresher Hard Oil, Eldorado Castor Oil and Arctic Cup Grease are brands which have been supplied to Canadian farmers for years.

They are known to be absolutely reliable lubricants; each carefully manufactured to meet particular requirements.

Ask for our lubricating oils in steel barrels equipped with faucets—the clean, economical method of handling oils on the farm.

Branch Stations Throughout the Dominion.

THE IMPERIAL OIL COMPANY Limited

Made in Canada

An Exceptional Case
She had risen several times to let a gentleman pass out between the acts.
"I am very sorry to disturb you, madam," he remarked apologetically, as he went out the fourth time.
"Oh, don't mention it," she replied, pleasantly, "I am most happy to oblige your husband keeps the refreshment bar."

Minard's Liniment Cures Dandruff.

"All the fools are not dead yet," said the sarcastic man.
"What's the matter with you?" asked the simple one. "Aren't you feeling well?"

I have sent a girl \$85 worth of flowers in the last three months.
Anything come of it?
Yes, the bill.

Don't Persecute your Bowels

Cut out cathartics and purgatives. They are brutal—harsh—unnecessary. Try CARTER'S LITTLE LIVER PILLS.

Purely vegetable. Act gently on the liver, stimulate bile, and soothe the delicate membrane of the bowel.

Care Constipation, Biliousness, Sick Headache and Indigestion, as millions know. Small Pill, Small Dose, Small Price. Genuine must bear Signature.

W. N. U. 1044

War Tax on Drugs

Wholesale Druggists Believe That the New Tax Will Prove Prohibitory

Two very important meetings have just taken place in Montreal—the Wholesale Drug Association of Canada and the Proprietary Trade Association of Canada. These meetings were both held for the purpose of considering the war taxes proposed, and which very seriously affect both the manufacturers of medicine and perfumes and the trade of the distributors—the wholesale druggists. A general meeting of the retail druggists has been called to consider the question. A reconsideration has been asked of the government and a deputation will present the views of the trades interested at an early date.

The objections to the new measure taxation as voiced in these meetings with unanimity in number. The tax proposed, if it was shown, amounted to from 15% to 40% on the usual trade selling prices, the tax being imposed on the price of sale at retail to the public represented on that basis of calculation from 10% to 20%. No other business in the country was taxed to any such extent, and many important lines would actually face ruin if the measure was persisted in by the government.

Instead of yielding for the war a large amount the prohibitory nature of the tax would result in a loss of thought and ruin prosperous and legitimate business enterprise in manufacturing.

The minister of finance will be approached on the basis of asking investigation in detail, it being claimed that the treatment of the manufacturers and dealers as well as the branch affected, is unfair and unjust. The goods involved, it can be shown, cannot stand any such charge, and also have already been taxed for the same purpose in respect to all the crude material employed in manufacturing and the finished product.

The general tariff advance of 7½% applies to the ingredients used and as well also certain advances enacted last year at the war session of parliament. Alcohol is one important item with many manufacturers who have to bear the full burden of the tax of 3½% per gallon on spirits. In principle, it cannot be held as just to tax one and the same article under several headings. It is a tax on the poor and sick. The manufacturers cannot bear it on goods that can continue in sale. Medicines are the poor man's doctor. This attribute of proprietary medicine was recognized by the government of the United States only recently. Perfumes were taxed by stamp but medicines were struck from the proposed tax list in a recent revenue measure brought about through the present war affecting the income of the government. It is hoped the government will reconsider and it is confidently expected this will be the case if the minister will look into details available, which demonstrate that an injustice is being done by the action proposed and neither by the government or the manufacturer or the consumer. The officers of department recommending—Montreal Pharmaceutical Journal.

High Standard Hostelties

Reputation of the Leading Railway Hotels is Being Traded Upon

A letter from a private in Princess Pats written to a friend in Montreal says that his shelter at the Hotel Frontenac, while alongside is the Chateau Laurier, both warmed by electric heaters and the very height of luxury under the circumstances, which are chiefly mud. "Jack Johnson," cannot touch them, and the eyes of the enemy aviator cannot see them. Discussion rages as to whether the "Chateaus" may be said to be run on European or American plans. The inmates of these hotels have bound themselves by a solemn league and covenant that unless there is something seriously wrong with the menu, no one shall write a letter of complaint either to Sir Thomas Shaughnessy or to Mr. E. J. Chamberlain.

The C.P.R. and G.T.R. must not doubt feel duly honored at this recognition of their excellent hotels at Quebec and Ottawa by the aviators at the front, indeed, delight in such humorous compliment. But the indiscriminate use of the letters "C.P.R." and "G.T.R." in Canada itself, attached to dollar-a-day hotels, cheap laundries, restaurants and the like, is a form of flattery which is becoming distinctly embarrassing and is bringing upon the unfortunate railways many complaints from unsophisticated travellers who have been misled by the names into thinking that these were operated by the railways themselves.

Canada was a debt to its railway companies for the high standard of architecture, equipment and service established and maintained in connection with their hotels—a standard which has attracted travellers from Europe, the United States, the Far East and Australasia, who would otherwise have left the country unvisited. These hotels have brought hundreds of millions of dollars to Canada and have earned for themselves the right to have their good name protected. No one should be allowed to call his hotel a "C.P.R. Hotel" or "G.T.R. Hotel" any more than anyone has the right to infringe a trademark.

The C.P.R., which is itself an extensive landowner, has several times taken successful action in the courts to forbid the use of the words "Canadian Pacific" or "G.T.R." in the title of private and companies, both in this country and in England, and during the oil boom in Calgary the public was protected by the prompt injunction of the use of the railway's name in connection with one speculative oil promotion.

Now the railways are being urged to take similar action against restaurants, laundries and hotels using names which suggest that they are run by C.P.R., G.T.R., or C.N.R., and so mislead the public.

The post office department has announced the resumption of the parcel post from Canada to certain localities in France via England. Parcels posted for France will, until further notice, be accepted to railway stations on the following systems: State, South, Orleans, Paris, Lyons and Mediterranean and Bell.

TOO MANY CHILDREN

are under-size, under-weight

with pinched faces and poor blood; they do not complain but appetite lags, they have no ambition and do not progress.

Such children need the rich medicinal nourishment in Scott's Emulsion above everything else; its pure cod liver oil contains nature's own blood-forming, flesh-building fats which quickly show in rosy cheeks, better appetite, firm flesh and sturdy frames.

If your children are languid, tired when rising, catch cold easily or find their studies difficult, give them Scott's Emulsion; it supplies the very food elements that their systems lack.

Scott's Emulsion contains no harmful drugs and is so good for growing children it's a pity to keep it from them.

Support Great Britain

No Sympathy For Turkey North of the Tetonians

That the Sultan of Turkey has not carried his subjects with him, in going over to the side of Germany in the war may be judged from an incident which occurred in the old cathedral of Quebec at the recent consecration of Bishop Wilfrid. The Syrian Archbishop of Baalbeck, in the Orthodox Catholic Patriarchate of Antioch, one of the four great divisions of the ancient Christian church, attended with his chaplains in his magnificent official vestments.

Immediately after the act of consecration, His Grace intoned in Greek a special prayer, of which the following is a translation:

"Have mercy on us O God after Thy great mercy hear (us) and have mercy (upon us). Moreover we pray for the Christ-loving King George the Fifth, all his Court and his Army. Moreover, we pray for the bond-servant of God, Lennox the Bishop. Moreover, we pray for the Archbishop, Priests and all the Christ-loving people. For thou art a merciful and loving God, and to Thee we ascribe the glory, to the Father and to the Son, and to the Holy Spirit now and ever and to all eternity. Save, O Lord Thy people and bless Thine heritage, granting victory to King George the Fifth, the Emperor of the East and guarding through Thy cross Thy commonwealth."

Farming
We are interested in the farming operations of this county for the very important reason that not only our success, but that of every business man, largely depends upon the success of the farmers.

Well-to-do farms mean a prosperous community.

The boy of today is the man of tomorrow. All parents should lend their enthusiastic encouragement and support to the boys in this movement.

To Utilize Spirits as Combustibles

The Russian ministry of finance is organizing a competition with prizes running up to \$15,000 for rendering methanol spirits as a clean, harmless leverages absolutely undrinkable.

Prizes of \$37,500 are offered for new or improved methods of utilizing spirits as combustibles.

These awards with other prizes proposed aggregate \$300,000.

The British naval gunner is a good shot, and knows it. In one of the recent battles a British warship was about to engage a ship of the enemy, when an officer, pointing to the target, said to the petty officer in charge of the gun:

"You see that man on the bridge. Well, I want you to hit him in the eye."

Liek a flash came the reply: "Aye, aye, sir. Which eye?"—Canadian Military Gazette.

He—I didn't know it was so late. Are you sure that clock is going? Feminine voice from above—It's going a whole lot faster than you are, young man.

May Be Tea or Coffee That Causes all the Trouble

When the house is afire, it's about the same as when disease begins to show. It is no time to talk but time to get—delay is dangerous—remove the cause of the trouble at once.

"For a number of years," wrote a western lady, "I felt sure that coffee was hurting me, and yet I was so fond of it, I could not give it up. At last I got so bad I made up my mind I must either quit the use of coffee or die."

(Tea is just as injurious as coffee because it, too, contains the health-destroying drug, caffeine.)

"Everything I ate distressed me, and I suffered from indigestion all the time with palpitation of the heart. I frequently woke up in the night with the feeling that I was almost gone—my heart seemed so smothered and weak in its action. My breath grew short and the least exertion set me panting. I slept but little and suffered from rheumatism."

"Two years ago I stopped using the coffee and began to use Postum and from the very first I began to improve. It worked a miracle! Now I can eat anything and digest it without trouble. I sleep like a baby, and my heart beats strong and regularly. My breathing has become steady and normal, and my rheumatism has left me."

"I feel like another person, and it is due to quitting coffee and using Postum. I sleep like a baby, and my heart beats strong and regularly. My breathing has become steady and normal, and my rheumatism has left me."

Postum comes in two forms: Regular Postum—must be well boiled. 15c. and 25c. packages. Instant Postum—is a soluble powder. A teaspoonful dissolves quickly in a cup of hot water, and, with cream and sugar, makes a delicious beverage instantly. 30c. and 50c. tins. Both kinds are equally delicious, and cost per cup about the same.

"There's a Reason for Postum."

—sold by Grocers.

Rebirth of an Empire

Great Britain Presents a Lesson to the World in Empire Building

Of all the facts that the European war has disclosed none is more remarkable than the solidarity of the British empire. Except for the slight dissatisfaction of a few irreconcilable Boers in South Africa there has been not only an enthusiastic but a practical loyalty on the part of all the dominions, colonies, dependencies and protectorates. In the very hour when a widespread insurgency might have won an easy independence the wide-spread units of the empire have manifested a sacrificial devotion to the little island that lords it over half the world.

Predictions of interested foes have been quickly falsified. Even Egypt, almost the youngest and quite the strangest of Britannia's wars, has remained steadfast in the face of the Turkish expedition. The explanation given by Egypt applies equally to other parts of the empire—England has been fair and sincere in all of her relationships; the country has not been exploited for the benefit of the suzerain, but developed for the benefit of the native; British officialdom has been just and considerate.

Never before in the history of kingdoms has an empire held together under such a strain by the free volition of its constituent units. And this loyalty will doubtless give a concrete realization of the dream of many statesmen during the last half century; an Imperial parliament in London with all parts of the empire represented to legislate and administer on behalf of the whole. Great Britain then will be a democratized union of free states somewhat similar to the United States of America. If this is the most radical step in government that history has ever recorded. And it will be the greatest factor in the world reorganization that is certain to follow the war.—Philadelphia Public Ledger.

From the Land of Evangeline

A hundred and sixty years ago Evangeline, daughter of Benedict Belloc, came to the ruins of Grand Pre on her wandering search across this continent; for Gabriel Lajeunesse,

Bleeding, barefooted, over the shards and thorns of existence, going forth in quest of a mission at the base of the Ozark Mountains where for a time she found rest. Today another young lady from Nova Scotia, who for six months will represent Evangeline in the C.P.R. Pavilion at the San Francisco Exposition, is travelling on the Imperial Limited to the Land of Missions under very different circumstances. With her Norman Cap and her kirtle of homespun she will spin at her old-fashioned distaff and remind the wayfarers at the Pacific Coast of her own beautiful Acadian country on the shores of the Atlantic. But instead of Longfellow she has a bright, cheery up-to-date Canadian optimism and boasts for Grand Pre and Nova Scotia.

BABY'S OWN TABLETS

THE HOME DOCTOR

No home where there are little ones should be without a box of Baby's Own Tablets. They cure all the ills of babyhood and their prompt use when baby is ailing will save the mother many anxious moments and the baby much pain. Concerning them Mrs. Paul Nemon, Tuncatuck, Sask., writes: "We consider Baby's Own Tablets as good as a doctor in the house and every time our little one is ailing they soon set him right again." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Blackville, Ont.

Works in the Garden Now

Grown old in the service of his master and mistress, James was a privileged retainer.

He was waiting at table one day when a guest asked for a fish fork. Strangely enough the request was ignored.

Then the hostess noticed the episode, and remarked in a most peremptory manner:

"James, Mrs. Jones hasn't any fish fork. Get her one at once!"

"Madam," came the emphatic reply, "last time Mrs. Jones dined here we lost a fish fork."

James has now been relegated to the garden.

A young lady who lisped very badly was treated by a specialist, and after diligent practice and the expenditure of some money learned to say: "Sister Susie's Sewing Shirts for Soldiers."

She repeated it to her friends at a private rehearsal and was congratulated upon her masterly performance. "Well," she said dubiously, "but it is such an exceedingly difficult remark to work into a conversation—ethetically when you consider that I have no thither Thutthie."

"'Tis a Marvellous Thing.—When the cures effected by Dr. Thomas' Ectozotic Oil are considered, the speedy and permanent relief it has brought to the suffering wherever it has been used, it must be regarded as a marvellous thing that so potent a medicine should result from the six ingredients which enter into its composition. A trial will convince the most skeptical of its healing virtues."

Paper From Cornstalks

Good paper is now being made from cornstalks. This ends the fear of some of the neighbors that when all the forests were turned into paper the production of novels would be seriously curtailed for want of cheap print paper. Others were alarmed lest with no materials for paper after the pulping of the forests education would get lost in a tangle of high costs of book production. But these fears vanish with the utilization of cornstalks—and they'll probably vanish some more when still other materials are employed.—Detroit Free Press.

Strange, said the first tramp meditatively, how few of our youthful dreams ever come true!

"Oh, I dunno said his companion; I remember I used to dream wearin' long pants, and now I guess I wear 'em longer than anyone else in the country."

E.W. GILLET CO. LTD. TORONTO. MONTREAL.

Clothes Made From Paper

No Washing, Just Burn When Soiled, and Save Laundry Bills

Paper dishes of every kind and paper underclothing were very seriously proposed as the next advance step of sanitation among civilized peoples, by a noted hygienist before the congress of sanitation. Substitute the fire for the wash tub in every possible particular of life, was his demand; and to show that such substitution was possible now in a great many details, he had obtained and exhibited a great quantity of samples of paper goods.

He quoted the results of an investigation which showed that cups, plates, bowls and other tableware, taken as samples in hotels and homes, had been found to be infected with dangerous germs, even when they were supposed to have been thoroughly washed. And he told of hospitals that had adopted the precaution of giving all the dishes an extra bath in a strong antiseptic mixture.

Accordingly he suggested that the doctors attending the congress should advocate the general use of paper plates, cups, saucers, and bowls, and paper serving dishes; so that after each meal most of the tableware could be burned, leaving only a small number of dishes and the silverware to be boiled before they were again used. Paper linings could be used in indispensable china dishes.

The most novel of his sanitation ideas was that of paper underclothing. It had been used once, paper underclothing is entirely practicable now, and would not be much more expensive than ordinary cotton underwear at current laundry rates, and perhaps as cheap as linen cloth.

Paper yarn is now, yet it is beginning to be heard from in many textile lines. Some kinds are almost as stout as ordinary textiles and are made to withstand the wear of paper underclothing, however, a cheap grade of paper yarn would be satisfactory, yarn having the small proportion of the tensile strength of cotton or linen. As each garment would be burned after it had become soiled, there would be no occasion to use yarn adapted for hard wear. At the same time it would easily be possible to make a paper yarn that would be as smooth and absorbent as cotton or linen.

Underclothing woven from such yarn would be as comfortable as could be desired. The hygienist estimated that the low cost of such a paper garment, with the complete saving of laundering costs, ought to make the use of paper cloth for one wearing not an extravagance.—Tit-Bits.

He's Back at Work Strong and Hearty

ONE MORE SPLENDID CURE BY DODD'S KIDNEY PILLS

Quebec Man Who Suffered for a Long Time From Kidney Disease Finds a Complete Cure

Allen's Mill, Quebec, Que. (Special)—Another splendid cure by Dodd's Kidney Pills is that of Alonzo Gauthier, a well known resident of this place. Mr. Gauthier was for a long time a sufferer with a pain in his head caused by kidney disease, and at length got so bad he had to quit work. Dodd's Kidney Pills cured him. He is back at work, strong and hearty, and naturally he feels that he wants all who suffer from kidney disease to know that they can find a cure in Dodd's Kidney Pills.

For Dodd's Kidney Pills not only cure the pain or ache that is causing the most distress, they put the kidneys in good working order and all the impurities and poisons are strained out of the blood. The result is that new strength is carried to every part of the body. That's why so many sufferers cured by Dodd's Kidney Pills sum up their condition, "I feel like a new man." Now energy is new life. You can't have it with sick kidneys. With healthy kidneys your business will prosper. Dodd's Kidney Pills make healthy kidneys.

To Land a Hand

The meanest man, and the farmer's greatest enemy is his so-called friend who fattens on the keeping alive of the farmer's prejudices, hate and distrust. The farmer has too long been considered in a class apart. The successful farmer is already a business man and he should unite with all other business men to look after the problems of his community. The line between town and country must be wiped out.—The County Agent.

Sir George E. Foster's "Apple Campaign" furnished a striking example of the possibilities of government advertising. Apple growers were in a quandary because the war had destroyed their market. But as a result of Sir George's campaign a bumper crop was disposed of more expeditiously than ever before. Mr. Burrell's "Patriotism and Production" campaign is likely to be equally effective.—Toronto Star.

An Aristocrat's War

Dr. Otto Sattler, secretary of the German Association of Culture, in an address delivered at New York, said: "I am a German. I received in Germany the best training which Kultur can give, but I am against this war because the war was never wanted by the common people."

Dr. Sattler said that the war had been brought on by the military clique in Germany and the common people had been compelled to fight at the bidding of the aristocracy.

Wars are disfigurements that disappear when treated with Holloway's Corn Cure.

Remember

It is wise to get rid quickly of ailments of the organs of digestion—of headache, languor, depression of spirits—the troubles for which the best corrective is

THE GLEICHEN CALL.

Relief Clean Up Day

Friday, April 30

All will agree that the Gleichen Relief Corps has accomplished good work since its inauguration. The ladies in charge have not only relieved distress in every case reported in this district and a number in Calgary but sent a couple of hundred dollars to the relief of the stricken Belgians.

Now that their first half year has about expired they are turning their attention homeward again and find a surplus on hand which they will probably decide upon how to use to best advantage at the next meeting. President Mrs. Barsh has made a couple of suggestions that should appeal to all Gleichenites as readily as it did to the members of the Corps.

The first was to get every available man to turn out and burn off the grass in the cemetery Monday evening, but the wind has been too strong since.

The second was to hold a "Gleichen clean up day" on Friday, April 30th.

It was agreed that all the ladies should use their best endeavors to make this a town beautiful and try to get every one to at least clean up their yards and on April 30th the Relief Corps would see that wagons will call and haul all rubbish left in the lanes away.

Simply everyone will fall in line and assist the ladies in their efforts to make this a healthy, clean and beautiful town.

The Gleichen Red Cross Membership

Appended is a list of the members of the Gleichen Branch of Canadian Red Cross Society which is published by request:

President Mrs. J. W. Jovett.

Vice-President Mrs. F. C. Vigar.

Committee: Madams Greaves, Rumbolt, Osterander, Cameron, Evans, Read, James, Prestwich, McIntyre and Ramsey.

Sec.-Treas. F. Maclean.

Members: Madams Brewster, Irvine, Corey, Riley, Tucker, Milne, Bates, Finner, Clark, Rhodes, Gordon, Wishart, Gillespie, Harrison, Smith, Barsh, E. C. Payne, Frazz, Gaudier, Beupre, Bragg, Lafferty, Smith and Campbell, Misses Campbell, Stocken, Brewster, White, Messen, Gordon, W. Clark, Osterander, Jovett, Corey, Irvine, Rhodes, Hall, Cann, Stocken, Smith, J. H. Goodrich, Stanley, Stocken, Fawcett, Hicks, E. Cox, Clark, W. H. McKie, Hudson, Davis, Kirkup.

A writer in the Nor'West Farmer in answer to a correspondent who asks several questions regarding sweet clover says with particular reference to it that it will grow on alkali spots and says that whatever opinions may be held as to the other points claimed for this plant this is one on which there is now no question, either on the part of the experiment stations who have tried it, or with farmers who have put the matter to the test of experience. The one point on which there is a unanimously favorable verdict given is that on land so badly alkaline that no other crop can make a stand the Melilotus will not only give a good crop, but in the course of a few years reclaim the land so far that it can be used for the growing of any of our ordinary farm crops. As you are doubtless aware there has been quite a bit of the same in small experimental patches in Manitoba, particularly in the Viridian district.

CRAIGANTLER

(Our own correspondent)

We are sorry to hear that L. Seligman has been taken sick in midst of seedling and hope he will have a speedy recovery.

L. H. Laverien has been busy branding his cattle this week. Everybody had a good time.

Jim Elder is all smiles at present—it is a girl.

Mr. Percival is busy seedling for M. Bessell at Crowfoot.

Congratulations to J. K. Crapo—a girl.

We in this district would very much like to have the government telephone. It is surprising how much it is needed every day. Hope it reaches us soon.

Mr. H. H. Ellis is a grass widow these days. H. H. is a qualified clerk which helps some.

H. Dankworth is now open for contract work anywhere. No girls around worth while now.

The seedling is well advanced in this district.

Pete and William Bek are thinking that badging is out of the question. Whatever will they do?

N. Hughes got off lucky by his run away. It must have been soft stuff.

When a man points a gun at you knock him down. Don't stop to look if it is loaded, but knock him down and don't be at all particular what you do with it. If there is going to be a coroner's inquest, let it be over the other fellow, he won't be missed.
